The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention, on the accrual basis of accounting and accounting standards issued by the central government in Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956 to the extent applicable.

**1.3 Fixed Assets and Depreciation:**

Fixed Assets are stated at cost, less accumulated depreciation. Cost comprises the purchase price and all attributable cost of bringing the asset to its working condition for its intended use. Depreciation on Fixed Assets has been provided on written down value method at the rates prescribed in Schedule XIV of the Companies Act, 1956.

**1.4 Revenue Recognition:**

Interest Revenue is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

**1.5 Investments:**

Long term investments are carried at cost with provision for diminution being made to recognise a decline, other than temporary, in their value. Such diminution is determined for each investment individually on the basis of the expected benefits to the company. However the exact quantum of benefits is dependent upon a number of future events, hence the provision for decrease in value of the investments is made on the basis of management's best estimates.

**1.6 Taxes on income:**

Tax expense comprises both current and deferred tax at the applicable enacted/ substantively enacted rates. Current tax represents the amount of income tax payable/ recoverable in respect of the taxable income/ loss for the reporting period.

Deferred Tax Assets on unabsorbed Depreciation and brought forward losses are recognised only on Virtual Certainty.

**1.7 Provisions and contingencies:**

A provision is recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Contingent liabilities are disclosed when the Company has a possible or present obligation where it is not probable that outflow of resources will be required to settle it. Contingent assets are neither recognized nor disclosed.

**1 SIGNIFICANT ACCOUNTING POLICIES**

**1.1 Basis of preparation of financial statements:**

The consolidated financial statements have been prepared on the following basis :

Consolidated Financial Statements normally include consolidated balance sheet, consolidated statement of profit and loss, consolidated statement of cash flows and notes to the consolidated financial statements that form an integral part thereof.

The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Parent Company's separate financial statements.

The financial statements of the Parent Company and its Subsidiary Companies have been combined on a line-by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses.

The excess of cost to the Parent Company of its investment in the subsidiary is recognized in the financial statements as goodwill.

**1.3 Use of Estimates:**

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention, on the accrual basis of accounting and accounting standards issued by the central government in Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956 to the extent applicable.

**1.4 Fixed Assets and Depreciation:**

Fixed Assets are stated at cost, less accumulated depreciation. Cost comprises the purchase price and all attributable cost of bringing the asset to its working condition for its intended use. **1.5 Revenue Recognition:**

Revenue (income) is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Interest Revenue is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

**1.6 Investments:**

Long term investments are carried at cost with provision for diminution being made to recognise a decline, other than temporary, in their value. Such diminution is determined for each investment individually on the basis of the expected benefits to the company. However the exact quantum of benefits is dependent upon a number of future events, hence the provision for decrease in value of the investments is made on the basis of management's best estimates.
